Enterprise Solutions

## Comtrex Enterprise Solutions

Following the acquisition of Redpepper Solutions by Comtrex Systems Corporation Limited in July 2008, we are pleased to announce that Redpepper is changing its name to Comtrex Enterprise Solutions.

The successful merger of the two companies will enable us to deliver a complete and seamless POS solution from site level through to head office via the Enterprise Solution. The on-line stock, staff, cash and reporting modules gives complete visibility across every level of your business enabling you to run more efficiently and ultimately more cost effectively over the internet.

All future correspondence, invoices and purchase orders will be issued by Comtrex Systems Corporation Limited and we would be grateful if you could amend your internal records accordingly. This change does not affect your arrangements with us in any way and your Redpepper contacts will remain the same at the Chiswick Office.

We are also pleased to announce that Andrew Fleet has been appointed as a director of Comtrex Systems Corporation Limited and will continue to head up the Enterprise Solutions team.
